

AP[®] US Government

The AP[®] U.S. Government and Politics exam evaluates students' understanding of the relationships between and the impact of various political groups, processes, and ideologies. Through multiple choice questions and various writing prompts, students will critically analyze the data, craft evidence-based arguments, and apply political concepts to everyday scenarios.

Key Benefits

- **Cost-Effective Preparation:** At \$15 per exam, Thinking Nation's practice tests offer an affordable alternative to other prep resources, which can range from \$295 to \$799.
- **Developed by Experts:** The exams are crafted by experienced AP[®] teachers and College Board exam readers, ensuring alignment with current AP[®] standards and rubrics.
- **Enhanced Study Reports:** Students receive comprehensive reports that break down performance by historical periods and skills, aiding in focused study and revision.

Whether you are a classroom teacher looking to provide your students with a valuable practice or whether you are an individual student looking to get an edge on your studying, Thinking Nation has you covered!
